**Day Hikes Around Sedona, Arizona** - Robert Stone 2006

Day Hikes Around Sedona, Arizona is a comprehensive guide to one hundred great hikes in one of the Southwest's most scenic areas. The extensive network of trails offers abundant opportunities for hiking and exploration. Highlights include world-class rock formations, sculpted canyons, ancient cliff dwellings, year-round creeks, and panoramic views of the entire area.

**Sedona City of the Star People** - Mark Pinkham 2015-11

Sedona: City of the Star People reveals the esoteric history of Sedona, Arizona, which author Pinkham says was known in very ancient times as Palatkwapi, the "Red House." According to Hopi legend, Extraterrestrial Star People built Palatkwapi as a glorious city of sacred wisdom. It was here that the migrating Hopis learned their sacred rites and dances, as well as many mysteries of the universe. Since 1987, author Mark Amaru Pinkham has been blessed with the ability to envision Palatkwapi as it exists now-an interdimensional city that co-exists with the physical town of Sedona. Many of Palatkwapi's temples continue to exist physically within Sedona in a water-worn condition, and on higher dimensions they survive in their original perfection. In Sedona: City of the Star People Mark recounts his first experiences with the temples of Palatkwapi in Boynton Canyon, the largest of the four major vortexes of Sedona, and then he shares his experiences during the following 27 years as he continuously returns to study their design and function. The book culminates in Mark's discovery of a royal court composed of red rock temples that he now identifies as the ancient seat of the Hopis' King of the World, the Star Being known as Masau'u. Through his direct study with the Yezidi priests of Iraq, Mark has further discovered that Masau'u is another name for the Yezidis' King of the World, Tawsi Melek, the Peacock Angel, and that the planetary monarch is due to soon make his presence known among the masses. Could it be in Sedona?

**Sedona and Oak Creek Canyon** - Victoria L Clark 2020-03-09

Most visitors travel to Sedona to view the towering red rock sandstone formations dotted with juniper pines and to hike and explore Oak Creek Canyon, along with other beautiful canyons that were once showcased by the Westerns filmed in Sedona. After the ancient peoples who farmed departed the area, the Homestead Act of the 1870s advertised free land and lured cattle ranchers and farmers, but by the 1960s, tourism reigned, and Sedona became a destination for outdoor activities, art, fine dining, unique shopping, relaxation, and luxury resorts.

**Subpar Parks** - Amber Share 2021-07-13

**\*\*A New York Times Bestseller!\*\*** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply "Too cold for me!" Another saw the mind-boggling vistas of Bryce Canyon as "Too spiky!" Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

Lonely Planet Grand Canyon National Park is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. **Scientific Vortex Information** - Pete A. Sanders, Jr. 2005-04-01

This book was originally written to help those visiting Sedona, Arizona who could not attend my regular Scientific Vortex Information Training Class (see [www.freesoul.net](http://www.freesoul.net)). It teaches how to rapidly, easily, and effectively tap Sedona's famous meditation sites. It also contains a system for finding vortexes closer to your home area. Understanding vortexes and how to tap them is a key asset for exploring your "dimensions beyond" described in Superstrings Physics. Even more important, however, is knowing how to weave that knowledge into a method for "Living life AS a Soul." When you are having difficulty accessing deeper spiritual skills, or are facing intense inner hurts, vortex energies can provide portals to new insights. People tend to be drawn to upflow areas to feel the exhilaration of tapping those dimensions beyond. What they are also craving (in many cases without even realizing it) is to escape the worries, hurts, angers, and fears created by the Limbic Brain. The Soul-shift technique (contained in this book) makes tapping the vortexes easier, primarily because it gets the meditator out of their limbic brain focus. It allows you to create an inner upflow vortex, where ever you are. The brain science technique

for natural mood elevation contained in my book, *Access Your Brain's Joy Center* (soon also available as an e-book), teaches how to counter limbic brain effects anywhere, anytime without having to be in a meditative state. That makes it possible to self-generate that inner upflow effect in ALL of life (eyes open, moving, etc.). As you read through this book, see the bigger picture. Imagine having the ability to live accessing ALL of your dimensions beyond and ALL your spiritual skills, without having to physically be in the enhanced energy sites. Enjoy exploring the unlimited potentials that ARE your birthright As a Free Soul.
