Secrets, Lies, and Scandals - Amanda K. Morgan 2016-07-05

In the tradition of *I Know What You Did Last Summer* and *How to Get Away with Murder*, five teens must overcome their paranoia in order to keep their teacher's death a secret in this fast-paced suspense thriller. Nothing ruins summer vacation like a secret...especially when it involves a dead teacher. Ivy used to be on top of the social ladder, until her ex made that all go away. She has a chance to be Queen Bee again, but only if the rest of the group can keep quiet. Tyler has always been a bad boy, but lately he's been running low on second chances. There's no way he's going to lose everything because someone couldn't keep their mouth shut. Kinley wouldn't describe herself as perfect, though everyone else would. But perfection comes at a price, and there is nothing she wouldn't do to keep her perfect record—one that doesn't include murder charges. Mattie is only in town for the summer. He wasn't looking to make friends, and he definitely wasn't looking to be involved in a murder. He's also not looking to be riddled with guilt for the rest of his life...but to prevent that he'll have to turn them all in. Cade couldn't care less about the body, or about the pact to keep the secret. The only way to be innocent is for someone else to be found guilty. Now he just has to decide who that someone will be. With the police hot on the case, they don't have much time to figure out how to trust each other. But in order to take the lead, you have to be first in line...and that's the quickest way to get stabbed in the back.

The Hidden Inheritance - Robert Trevor 2018-06-30

The consequences of drug use, whether illicit or prescribed. Consequences that can be enduring, lifelong, even carry through generations. Yet few of us have the time to consider them as we live in the heat of our own daily lives. I have seen this in action, watched events while they happened, seen it unfold, lived through the results, and unfortunately am observing the ongoing calamities of it all, still today. It is not fun to watch but not mine to fix. I was and am an observer, a recorder, merely that, out of the action, incapable of altering the results. My wife made a great point on this novel's subject. Drug use she said is a leveler. It brings people down to the lowest common denominator. What a concept! How right on is that statement! Drugs affect the rich, the poor, the famous, and the infamous in every country and nationality on this earth. If you are on the upscale end drugs keep you there. The user's life contribution to humanity is likely to be nothing, but the cost to the user, their family and friends in physical, emotional, and fiscal terms expensive and of course dangerous, because it may also kill you. I have put these observations into this novel hoping that readers can identify with the characters, watch them grow and suffer through the consequences of their actions unaware of the effect of their lives and on others.

Parents, get set for some precious forever memories with your child. Not only will your child love to color this adorably cute kids coloring book on their own but we have specially designed the pages to give you both plenty of fun teaching and learning opportunities where you can interact together. They will love these unforgettable moments with you! If you only buy one toddler coloring book, make sure it's this one! I'm Mark and together with my partner Jane we came up with the concept of The Learning Bugs, the fun characters who appear regularly throughout the book. Giggles the ladybug, Squiggles the caterpillar and Zapp the bee are not only entertaining but they engage and ask questions and give your child interesting facts. As parents ourselves we couldn't find a coloring book for young children that we were completely happy with so we decided to create our own. We then conducted research with over 500 fellow parents who helped shape the book you can purchase today. Welcome to the magical world of The Learning Bugs where kids play and have fun while learning at the same time. This will help them throughout their life as they build the habit of being inquisitive and asking questions. Why Buy This Book? Talented artists have hand-drawn unique illustrations that are beautiful but simple, cute and fun. Good value - we made sure to have plenty of pages (over 100). Illustrations are on one side only so you can tear them out to frame and keep. No issues with markers bleeding through the page and ruining an image underneath. Thick black lines for toddlers to try keep within the lines. Each page is a large 8.5 inches by 11 inches and printed on bright white paper. A book for toddlers but with some more advanced elements so the book can be kept for years. Your child will likely treasure this book for years to come. Our fun characters, the Learning Bugs, engage your child while being educational. Helps teach your kids that learning is enjoyable and not a chore. This book will help start to prepare them for school. Teaches the alphabet, they learn the letters and words beginning with that letter. We also have games where they can spot things in the drawing. We also have educational facts about the objects in the lovely drawings. Another game is how many things can you spot - to help with counting. This early learning activity book is aimed at boys and girls aged from 2 to 4 years old (especially toddlers, preschoolers, pre-k and kindergarten kids) but it is suitable for any child up to 6 who loves coloring. We have gone 'above and beyond' to create something

special which we are very proud of. This lovingly created ABC coloring book is one you can come back to time and time again. We hope you enjoy this toddler coloring book and be sure to look out for more Learning Bugs books which your child can progress with as they grow. Mark, Jane and Giggles, Squiggles and Zapp (The Learning Bugs)!
